## LOCAL MATTERS.

No rise tomorrow at 5:09 a. m. and sets at 6:48 p. m. High water at 2:55 a. m. and 3:17 p. m.

**WEATHER PROBABILITIES.**—For this section fair tonight and Saturday; warmer Saturday; fresh northerly winds.

**RECEPTION TO DR. BROOKER.**—The anniversary reception tendered Rev. Dr. Brooker of the Second Presbyterian Church last night under the auspices of the Westminster League, was a very interesting affair throughout. The church was filled, many from other congregations being present. The following programme was well rendered: Organ selections, Mr. Sherman Fowler; address on behalf of league, Elder K. Kemper; response, by the pastor; selection (male voices), Messrs. Sullivan, Sealeman, Wilkins, Miltstead, A. C. Slaymaker, F. L. Slaymaker, and G. B. Kennedy; piano solo, Mrs. Oscar Carter; vocal solo, Miss Lucy Graves; organ voluntary, Miss Edith Rotchford; vocal solo, Miss Florence Sullivan; organ selection, Mr. Fowler; piano solo, Mr. Carter; vocal solo, Miss Graves; vocal solo, Mr. Frank Slaymaker; doxology; benediction. The church was very beautifully decorated with palms and potted flowers. The pastor's address was a review of the work during the past church year, which showed a marked improvement in all the branches of church endeavor. In the ten special collections taken up during the year there was an increase in all but two, and these showed only a slight decrease—one two dollars, and the other eight. The foreign mission collection, which was the largest of the special collections, amounted to \$600 for the year. The general collections also showed an increase over those of last year. The attendance at the Sunday schools show an increase in numbers. There have been 110 new scholars placed on the rolls and the collections have increased over fifty per cent.

**A BELICOSE BARBER.**—Abe Douglas, colored, was arraigned before Mayor Simpson this morning, and before he departed left \$20 as a reminder of his visit. Douglas has a barber's shop in which he clips the naps and abridges the beards of the masculine gender of specimens of the colored race, and yesterday two customers presented themselves for his manipulations. One emerged from the chair unscathed, but the other had his epidermis scratched slightly, and his companion called his attention to the fact. Douglas became enraged and ordered the commentator on his work to leave the shop. The barber's movements not being quick enough to satisfy the tonsor, he ceased shaving Frank Baltimore, who had taken the chair in the meantime, proceeded to the back room, procured a pistol and discharged it at the legs of the darkey who had questioned his skill as a knight of the razor. He raised the weapon in order to take aim at the man's trunk, when Baltimore, who thought the affair had proceeded far enough, knocked the pistol from Douglas's hand. The Mayor thought such evicton unwarranted and fined the barber \$20 for assault.

**THE PROGRESSIONISTS.**—No business was transacted by the Citizens' Progressive Association at their meeting in the Business Men's League rooms last night on account of the slim attendance, due, it was asserted, to the unfavorable weather. Between fifteen and twenty gentlemen assembled. Those whose names appeared as candidates for Council on the progressive ticket received postal card invitations, but for reasons best known to themselves only two responded. Two who had been nominated for Council at last week's primary were present. Shortly after eight o'clock ex-Mayor Downham moved that Mr. Clarence Leadbeater take the chair in the absence of the President, Mr. J. R. Zimmerman. Mr. Leadbeater at first declined, saying he preferred seeing Mr. Downham preside. He eventually consented and called the meeting to order. After some statements concerning business relating to the late caucus, Mr. F. S. Harper arose and said that, in view of the small attendance, he moved that the association adjourn subject to the call of the President or Secretary, and his motion was adopted by a unanimous vote.

**BODY FOUND.**—The body of Joseph Holland, a well-known colored man, who had been missing for the past two weeks, was found floating in W. A. Smoot & Co.'s, dock at an early hour this morning. A bat, supposed to have belonged to Holland, was found floating near Fishtown several days ago. The deceased at one time worked at the wharf where his body was found. Recently he seemed to be suffering from dementis, and it is thought by some that he committed suicide. Others, however, believe he strayed around the wharves in his irresponsible condition and fell overboard. Dr. Purvis, the coroner, was notified and he had the body removed to Mr. Demaine's undertaking establishment, but the doctor deemed an inquest unnecessary, as no marks of violence could be found upon the body. The remains presented a repulsive appearance from having been in the water so long. They were considerably swollen and much of the skin was peeled off. Holland lived in the northern part of the city, and was about 40 years old.

**SUPPOSED TO BE A GYPSY.**—A female with an Asiatic physiognomy and attired in a manner which favored of the gypsy, appeared on south Fairfax street about noon today, and attracted the undivided attention of most of the younger generation. The woman was ostensibly peddling cheap combs, hairpins and other small articles, but it was supposed she also had a pack of cards and was ready to draw the horoscopes of any who desired to gaze upon a chapter in the history of next week. Probably she found but few in Tunneltown who cared to know much of what is on the pages of fate, the present issues being enough to engross interest without borrowing worries from futurity.

Armstrong in front of the Royal street entrance to the Market building at 12 o'clock tomorrow, the following property in this city: An undivided half of two adjoining lots on the east side of Alfred street; a lot in an open square between Prince, Duke, Columbus and Alfred streets; two houses and lots, Nos. 606 and 608 Gibson street; house and lot No. 602 south Washington street. He will also offer for sale the following property in Fairfax county: Lot of ground near Alexandria, on Franklin street extended; an undivided one-half interest in one and three-fourths acres of land on Great Hunting Creek; a tract of land near Gum Springs, and a tract of land on the old Mt. Vernon road.

**"HAIL, GLORIOUS SUN!"** was the sentiment if not the exclamation of the community this morning when they arose and found the day god shining again in all his splendor and a crisp northerly breeze drying up the mud. This has been an almost unprecedented April, clouds, rain and a raw atmosphere prevailing most of the month. Fishermen, who have but little time left in which to ply their vocation, will especially rejoice, as will also the agriculturalist as calm spring is once more ushered in. Later in the day the temperature rose considerably.

**MIKE THOMAS'S ADDRESS.**—The Free Methodist Church was packed last night for people anxious to hear Mike Thomas's experience in things spiritual. A number were on hand, who apart from funerals and marriages, never darken church doors, and the speaker was given respectful attention. His address was mainly autobiographical. He warned the younger generation against giving loose reins to bad impulses, convivial tastes and evil company. He started for New Jersey this morning to visit his parents.

**SUPERINTENDENT OF GAS.**—An examination of candidates for the position of Superintendent of Gas will be held about the middle of next month. The examiners will be Messrs. J. H. McIlhenny, C. C. Bayley and R. L. Middleton, of Washington, appointed by the Presidents of the Board of Aldermen and Common Council and the committee on light respectively. It is understood that there will be several candidates for the position.

**RECEPTION.**—Rev. J. H. S. Ewell, recently assigned to the Methodist Protestant Church in this city, will be tendered a reception by his congregation tonight. Rev. E. V. Regester, of the M. E. Church South, and J. H. Trimyer, will deliver the addresses of welcome. An interesting programme of exercises has been prepared and an enjoyable evening is anticipated by the many who will attend.

**POLICE COURT.**—The following cases were disposed of today: Johnson Higgins, colored, abusive language to Margaret Addison; dismissed.

Abe Douglas, colored, shooting at George Adkins with a pistol; fined \$20. Night Report.—Last night was cloudy and cool. Two prisoners were at the station house.

**FISH.**—The supply of shad is still limited, and prices vary from \$13 to \$25 per hundred. Herring are more abundant and bring from \$2 to \$2.50 a thousand. The fishermen say the balmy weather now prevailing will bring the glut herring. As has heretofore been stated, the catch on the lower shore has not been satisfactory so far, while seines farther up the river have made good hauls.

**GETTING READY FOR OPERATIONS.**—Mr. W. R. Emerson, inventor of the Emerson steam pump and superintendent of the works now being located at the foot of Prince street, had a gang of men at work this morning removing a large boiler from a car on Union street into the building now occupied by the company. The work of manufacturing pumps will be commenced at an early day.

**WEDDING.**—A large number of friends witnessed the marriage of Mr. Louis Milton Evans to Miss Mary Elsie Gorham at the residence of the bride's sister, Mrs. Andrew J. Green, 337 north Patrick street, last night. Dr. Hunt of the First Baptist Church officiated. Miss Carrie Cook played the wedding march. The bride was attired in white organdie and carried bride's roses.

**DEATH AT THE INFIRMARY.**—Mrs. Frances Clair, a resident of Fairfax county, died at the infirmary last night. The deceased was about 60 years old. She was taken to the infirmary about a month ago while suffering from an incurable disease—cancer of the stomach. Her remains will be interred here.

**NEWSPAPER ADVERTISEMENTS ESSENTIAL.**—The talk about the relative value of newspaper and poster advertising is a waste of energy. While there are circumstances in which poster announcements are useful as an adjunct to newspaper advertisements, the latter are absolutely essential to a successful system of publicity. It is undeniable that the character of a newspaper influences the public in forming its estimate of an advertiser.
